Policy Makers' Meeting Brings Steel Crisis To Head

LEADERS ARE EXPECTED TO FAVOR DELAY

Pittsburgh, Dec. 27.—(P)—The steel crisis came to a head today with union policy makers meeting to decide whether to strike or work.

While leaders of the CIO-United Steelworkers gave no hint what kind of action they may take, it was believed generally they will vote to delay the nationwide strike set for New Year's Day.

The union's 36-man executive committee meets first and then the 70-member wage-policy board.

The executive committee makes decisions; the wage-policy board accepts or rejects them.

As the sessions are secret, no announcement is expected before the larger group completes its session, probably late today.

Possibilities before the union seemed to be:

(1) Acceptance or rejection, complete or conditional, of President Truman's demand that the wage fight between the 700,000-man union and the steel industry be turned over to the Wage Stabilization Board for study or settlement.

(2) Postponement of the strike at least until January 3, when a special international convention will be held at Atlantic City to plot the union's future course.

Since Monday when Philip Murray, president of both the CIO and the USW, called for the meetings, there has been a virtual cessation of strike preparations in the local unions.

Although most industry officials are hopeful the scheduled shutdown will be postponed, they are prepared to start banking futures.

The union has asked an 18 1/2-cent hourly pay boost for workers averaging \$1.93. The USW also wants a guaranteed annual wage, a union shop, elimination of geographical pay inequities, improved premium and incentive pay, and other benefits. Some authorities have estimated the entire package would run to 30 or 50 cents an hour.

The industry has made no wage offer. Its spokesmen have argued that any pay raise would add to the inflationary pressure.

Ike's Backers Do Some Finger-Crossing In Advance of Stassen's Announcement

Washington, Dec. 27.—(P)—Republican Eisenhower-for-President backers reportedly are doing some finger-crossing in advance of Harold E. Stassen's scheduled disclosure tonight of the role he plans in the 1952 presidential campaign.

GOP supporters of Gen. Dwight D. Eisenhower are understood to feel that what Stassen says in a Philadelphia speech could have a profound effect on the general's chances for top spot on the party ticket.

There were these other political developments:

1. Senator Humphrey (D-Minn.) described President Truman as "the strongest candidate" the Democrats could come up with next year, and added: "I sincerely hope he runs again."

2. The International Association of Machinists (IAM) said its poll of American labor union chiefs shows "overwhelming agreement" that Gov. Earl Warren of California "would draw the strongest support from labor voters."

Warren is an avowed candidate for the nomination.

In the labor poll, Eisenhower as a possible presidential nominee was ranked second among Republicans.

No Relief From Wintry Weather Appears In Immediate Future, Forecaster Says

By The Associated Press

Another frigid blast hit the snow-covered north central region today and more snow was on the way. No relief from the wintry weather appeared immediately, U. S. forecasters said.

The cold extended across the eastern two-thirds of the nation, touching all the way to the Gulf Coast.

The sub-zero weather in the Midwest struck as travel and production in many cities slowed because of the heavy snowfalls in the last two weeks.

Two midwest metropolitan centers, Chicago and Detroit, appeared the hardest hit by the transportation tieup. There have been record snowfalls in both cities this month and traffic and mass transportation was still snarled in many sections.

The fresh icy air from northwestern Canada sent temperatures tumbling to far below zero in the Dakotas, Minnesota, Wisconsin, Iowa, and northern Illinois early today. It was -20 in Redwood Falls, Minn. Some sub-zero readings also were reported in northern New England.

Every available piece of snow removal equipment was being utilized to help get Chicago's 3,700 miles of streets and boulevards open.

ONE IS KILLED IN AN AUTO-BUS COLLISION

Hagerstown, Md., Dec. 27.—(P)—State Police today investigated an auto-bus collision that killed one person and injured eight others on U. S. Route 40, eight miles east of here.

Edsel Good Nicholas, 22, of Blue Ridge Summit, Pa., was killed outright yesterday when his car, crossing the highway, was struck and demolished by a Greyhound bus en route from Washington, D. C., to Pittsburgh.

The bus left the road and crashed into a tree.

NO NEWS ON RELEASING OF U. S. AIRMEN

BULLETIN

Vienna, Dec. 27.—(P)—The U. S. embassy here said tonight the Hungarian Communist government is still "considering" the American offer to pay a fine for the freedom of four jailed U. S. airmen.

Such a stand conflicted with the announcement of Hungary's legation in Washington last night that the offer of \$120,000 in fines—called a ransom in the west—had been accepted for the prompt release of the four men.

Tonight's development raised doubts on the status of negotiations for release of the airmen, convicted of violating Hungary's borders after their plane lost its course on a Munich-Budapest flight. It seemed the Hungarians had raised new conditions.

Vienna, Dec. 27.—(P)—An Hungarian government official told the U. S. legation in Budapest today that he could not disclose when four Americans held by the Communists would be released.

Walter J. Donnelly, U. S. ambassador to Vienna, told newsmen he had talked to the Budapest legation this afternoon.

He spoke to American officials there after George Abbott, U. S. Charge d'Affaires in Budapest, returned from a conference with Hungarian foreign officials.

BULLETIN

Washington, Dec. 27.—(P)—Senator Morse (R-Ore.) today proposed a senate investigation of the case of the four American airmen who were forced down and arrested in Hungary.

Morse telegraphed Chairman Russell (D-Ga.) of the Senate Armed Services Committee suggesting that the group make an inquiry "at the earliest possible time convenient" for airmen to appear before the senators.

Russell could not be reached immediately for his reaction.

"Mr. Abbott was told by the Hungarians that they cannot give the Americans any information on the plans to release the four airmen," Donnelly said.

Despite the announcement by Washington that it would pay a \$120,000 fine levied against the airmen, the Hungarian Communists remained tightly secretive about how the iron curtain would be lifted to permit the Americans to return to freedom.

Donnelly expected to confer again later today with the American legation in Budapest.

He was prepared to send a party of legation officials to the Austro-Hungarian border as soon as he learned that the airmen were on their way to Vienna.

However, the tone of the Hungarian reply left the impression (Turn to Page Eleven)

Number of Counterfeit Bills of \$10 Denomination Reported Passed in Boro

"Those people should be in some legitimate business, but they never are," said one Warren banker today in describing the good workmanship of counterfeiters who have been passing phony \$10 bills in Warren, Titusville and Jamestown during the holiday season.

Five of the bills have turned up in Warren. Three were detected by tellers upon presentation by local residents who had no idea they were valueless, two others were accepted through regular channels.

Another local banker said he believed the counterfeiters had deliberately gone from place to place, using the bills for Christmas shopping.

The bills, each bearing the serial number G 28563178 A and the back plate number 1293, were produced by lithography, a printing process in which a \$10 Federal Reserve note was photographed, a printing plate made, and the bills run off.

Tellers who have detected the bills noticed the color of Alexander Hamilton's shirt was not the right shade of gray and the United States seal was a slightly different shade than was proper.

Titusville and Jamestown banks reported the same bills having appeared there the past few days, some of which were detected, others banked in routine transactions.

A Titusville bank recalled that it was almost two years ago to the day that counterfeit tens turned up in that city.

Secret Service agents in Buffalo have warned of both ten and twenty dollar counterfeits, and local banks report three twenties having appeared here about two months ago.

MacArthur Picked 'The Man of 1951'

New York, Dec. 27.—(P)—Gen. Douglas MacArthur has been named "man of 1951" in a poll of the governors of 48 states conducted by the CBS-TV program "Man of the Week."

He was awarded a plaque yesterday by J. L. Volkenburg, president of the CBS Television network.

"Two weeks ago the program conducted a poll of the governors of the 48 states," Volkenburg told the general. "The governors were asked to name the man whom they considered has contributed the most to our country in 1951."

x x x I would like to present to you this symbol of leadership."

Gen. MacArthur replied: "I feel I have done nothing to warrant such an honor. I have done what every good citizen and true American would do."

REDS RAISE OMINOUS NOTE ABOUT PRISONER DEATHS AS EXPIRATION HOUR ARRIVES

Munsan, Korea, Friday, Dec. 28.—(P)—The 30-day Korean cease-fire line agreement ran out today on "a rather ominous note" in truce talks about Allied prisoner of war deaths.

There was no indication here of plans to extend the agreement responsible for the 30-day truce. The full five-man armistice committees which signed the original agreement Nov. 27 did not even meet. An official U. N. spokesman said neither side asked for an extension.

But in a subcommittee session at Panmunjom Thursday, Rear Adm. R. E. Libby said the Communists hinted: They may report many of the 50,000 unaccounted for Allied prisoners of war died of exposure and disease.

Libby said it was "a rather ominous note. It might have been a forewarning that all these people died of illness."

Subcommittees working on the problems of exchanging war prisoners and supervising a truce still were deadlocked when they adjourned their last session before the scheduled expiration hour. The agreement was timed to run out at midnight (10 a. m. EST) Thursday.

Each committee scheduled another meeting for 11 a. m. Friday (9 p. m. EST Thursday) in Panmunjom.

Washington sources expressed belief Gen. Matthew B. Ridgway would approve a 15-day extension of the period in which the 145-mile line drawn across Korea, November 27, could become a permanent cease-fire line.

High diplomatic officials in Washington said the supreme U. N. commander had been authorized to approve an extension of up to 15 days if he felt there was hope of reaching an agreement.

On November 27 negotiators drew a tentative cease-fire line and agreed it would become the center of a 2 1/2 mile wide buffer zone if an armistice were signed within 30 days.

Otherwise the line would be redrawn just before a truce is signed to follow changes resulting from battle action.

Expiration of the cease-fire line agreement could bring an explosive end to the month-long lull on the battle front; or the twilight war could continue while negotiations go on.

The front was cold and relatively quiet Thursday as temperatures dipped below zero in some sectors. A company-size Red attack on the eastern front near Heartbreak Ridge cut off one Al-

Wide Area Around Hialeah Shaken By Mysterious Blast

Miami, Fla., Dec. 27.—(P)—Another mysterious explosion occurred in the Miami area early today just four hours after a blast shook a wide area in suburban Hialeah.

The explosions followed warnings by dynamiters yesterday that they planned to strike again.

In both instances police were unable to determine the exact location of the explosions and no damage was reported.

Two Coral Gables patrol cars reported hearing the latest blast about 3:30 a. m. and contacted headquarters immediately. Officers later talked to residents awakened by the noise.

The explosion in Hialeah came last night at 11:30 p. m.

Squad cars checked all houses of worship, such as have been targets in many of the 11 blasts set off here since last June in the Hialeah-Miami Springs area but found all undamaged.

Two ice gorges in Allegheny River in Kinzua District Are Reported Holding

Although two ice gorges are still intact in the Allegheny river, one below and the other above Kinzua, the water had receded slightly today. The gorges, caused by an accumulation of shore ice which had broken away during last week's one-day thaw, caused some alarm in the Kinzua area yesterday when water reached to the cabins at the Complanter station, Sugar Run, and caused the closing of the road between Sugar Run and Corydon. The road remained closed today.

Sunshine Box Brings Cheer to Warren Child Suffering From Dreaded Leukemia

Little Victor Grimaldi, 7-year-old son of Mr. and Mrs. Guy Grimaldi, 205 East street, who has been ill since last April and in various hospitals a good deal of the time since then, is feeling quite well at his home today.

One reason for Victor's improvement and his general well being is the fact that he was at home for Christmas. During the past seven weeks, spent in Children's Hospital in Boston, Victor's one hope has been that he would be home in Warren for Christmas.

Mrs. Grimaldi has been with him in Boston and Mr. Grimaldi drove there to bring them home. If Victor's condition remains good, he will be at home indefinitely; otherwise, he must return to Boston. Prior to going to Boston, the little boy was in a hospital in Buffalo.

Friends of the family and other interested Warren folk got together a wonderful Sunshine Box for Victor's Christmas, which was greatly appreciated.

The brave little boy is suffering from the dreaded disease, leukemia.

PENNSYLVANIA FARM ROUND-UP

By BILL LOFTUS

Harrisburg—(AP)—The Pennsylvania Milk Control Commission—subject of much discussion—has been hit with another series of verbal brickbats.

The latest outcry comes from the Inter-state Milk Producers Cooperative Association in the form of a resolution and a speech by a top ranking official.

"Recent decisions and actions of the Pennsylvania Milk Control Commission have adversely affected the usual orderliness of pricing x x x milk in the Philadelphia milkshed," the resolution stated.

It continued: "The three members of the commission are serving without appointment, thus creating a condition of uncertainty, resulting in an unfortunate situation with respect to harmony and final agreement within the commission itself."

On this point the association elaborated, "Responsibility for this condition cannot be placed entirely on the commission itself but must be shared by the governor of the commonwealth whose duty it is to appoint the members of the commission."

The resolution then urged the officers of the association to contact Fine and ask that he appoint "three qualified commissioners."

Among guests at the convention was H. B. Cobb, chairman of the commission. The other two members are John J. Snyder, Camp Hill, and Charles J. O'Loughlin, Beaver.

O. H. Hoffman, Jr., general manager of the association said in his annual report:

"Producers were appalled this fall to see a reputation of the unhappy occurrence of several years ago when the commission saw fit to extend its activities beyond the quasi-judicial prerogatives provided for in the milk control act, and entered the field of propaganda. This, just as then, did no one any good and did positive harm to the industry from the consumer viewpoint."

Prices for Pennsylvania's corn crop this year will be supported by the federal government at \$1.74 a bushel.

The announcement was made by Clyde A. Zehner, head of the state production and marketing administration.

High and Lows of Year In Hollywood Are Reviewed by A. P. Feature Writer

By BOB THOMAS

Hollywood — A — Another troubled year in Hollywood is drawing to a close, so it's time to sit down and pick the highs and lows.

Pardon the poetry, but it is Christmas, isn't it? So I tried a different approach for getting into the annual summation of year's events in Hollywood. Here goes:

Biggest news story—The Walter Wanger shooting.
Second biggest and winner of long-run honors—The Franchot Tone-Barbara Payton-Tom Neal affair.
Yawn of the year—The Shelley Winters-Farley Granger "romance."
Biggest industry news—Louis B. Mayer's exit from MGM.
Almost the biggest industry news—Warner Brothers' offer to sell their interests, later retracted.
Brightest new box office stars—Martin and Lewis, Mario Lanza.
Losses of the year—Robert Walker, Fanny Brice, Maria Montez, Leon Errol.
Biggest blow to the bobbysox set—Elizabeth Taylor's divorce.
Biggest blow to the dowager set—Clark Gable's divorce.
Freak news event of the year—A Vancouver hotel's refusal to room Bing Crosby because he looked like a bum.
Runner-up—Arrest of Charles Coburn and his poker pals.
Most recurrent news item—Hedy LaMarr's announcement she'll retire.
Most notable homecoming—Rita Hayworth's.
Worst public relations—Frank Sinatra.
Best television performers—Sid Caesar and Imogene Coca.
Best new TV star—Red Skelton.
Best musical film—"American in Paris."

Best drama—"A Place in the Sun."

Father of the year—James Stewart, parent of twins.

Best male performances: Humphrey Bogart, "African Queen"; Marlon Brando, "Streetcar Named Desire"; Gene Kelly, "An American in Paris"; Fredric March, "Death of a Salesman"; Gregory Peck, "David and Bathsheba."

Best female performances: Bette Davis, "Payment on Demand"; Katharine Hepburn, "African Queen"; Vivien Leigh, "Streetcar Named Desire"; Shelley Winters, "A Place in the Sun"; Jane Wyman, "The Blue Veil."

Most promising newcomers: Debbie Reynolds, Mitzel Gaynor, Dale Robertson, Aldo Ray.

Best low-budget picture: "The Well."

And a Merry Christmas and lots more of them to the patient reader.

HOME FROM HOSPITAL

Friends will be pleased with the news that Mrs. Carl G. Werner, Russell, has been brought home from WCA Hospital in Jamestown and is getting along nicely.

SKATE IS CANCELED

Young People of First Lutheran church are advised the skating party planned by the Luther League for this evening has been called off.

CAR ROLLS OVER

State police were called to Route 62 near the Farm Colony about midnight last night when a car operated by Steve Cosmano, 214 Madison avenue, went into a skid and rolled over. No one was injured and damage to the car was estimated at \$150.

ANNUAL MEETING

Youngsville Volunteer Fire Department will hold its annual venson dinner and election of officers this evening in the fire hall at six o'clock. Chairman of the committee in charge is W. V. Johnson, assisted by William Overturf and Archie Littlefield.

ARGUMENT COURT

Three matters will occupy attention in argument court today with Judge Allison D. Wade presiding. Residents in Glade township, who have petitioned for a road from Hemlock street extension to the Cobham estate, will argue the technicality on a court order for a review of the road. December term of quarter sessions will be held tomorrow with quite an extensive list, according to District Attorney M. A. Kornreich.

COUNTY FIRE

Two trucks and 20 men of the Youngsville Fire Department answered a call to the home of Volmer Hellyer, at Eldred Center, about two miles northeast of Grand Valley, at five p. m. yesterday when a fire started from an overheated chimney. Although firemen made a quick run considering the condition of roads, the fire was practically under control when they arrived, and they assisted in finally dousing it. Damage was estimated at \$100. Men and equipment returned about seven o'clock.

EMERGENCY CALL

City police were called at 3:41 a. m. today to take a local citizen to the hospital where a relative was seriously ill. The lady transported by officers was unable to secure a taxi and enlisted emergency aid.

QUIET EVENING

The police docket reflected a quiet evening. Officers made routine patrols, finding the usual quota of unlocked doors of business places. They tagged a few cars parked on sidewalks.

WIRE BURNS

Engine No. 2 and the emergency truck answered a call to the home of Merle Seymour, 34 Glade avenue, at 2:55 p. m. yesterday when an extension cord started smoking from an overload of electrical equipment attached to it. Firemen report no damage except to the wire.

PLEADS GUILTY

Robert J. Presher, Russell RD 2, arraigned by city police before Police Justice Tracy M. Greenlund yesterday afternoon on a hit and run charge, entered a plea of guilty and waived a hearing. He was released on \$200 bail for his appearance in county court. Presher was arrested for striking a car owned by Steven Zock on December 21, near Fifth and East streets.

MUSIC FLOODS THE LAND

It has been a pretty popular custom in some circles to run down the United States as a barren place culturally. Somebody always hauls out figures showing we spend more money on tobacco or cosmetics than on education.

And there's a lot of grim head-shaking when talk turns to American interest in books, music and art.

In the past this sweeping indictment may have been substantially true in most particulars. But life has changed a great deal in the last ten years or so, and the head-shakers may not be keeping abreast of the changes.

The Wall Street Journal, which dips into some surprising fields from time to time, has just taken a look at America's current interest in music.

The newspaper discovered that we Americans are fast becoming the world's most numerous and possibly most ardent devotees of serious musical art.

Measured in the hard terms of the dollar, this interest comes to around \$45 million at concert and theater box offices.

Some cynic might point out that we spend almost exactly the same amount for popcorn in movie theaters. But though this leaves popcorn and Prokofiev in a seeming tie, the parallel is a little unfair.

It's more instructive to point out that music's "take" exceeds the \$40 million the public spent to see professional baseball this year.

A hatful of figures document the story. The 30 million people who paid to attend musical events this year are 30 per cent more than five years ago and double the number in 1941.

Today there are nearly 200 symphony orchestras in the country, 80 per cent more than in 1940 and 900 per cent more than in 1920.

In 1951 some 2100 towns featured serious music programs by recognized concert organizations, compared to around 1000 towns in 1940. So the spread is geographic as well as along the economic scale.

It used to be that just the big cities had their own orchestras. Not any more.

You'll find one in Phoenix, Ariz., Great Falls, Mont., the atomic energy center at Oak Ridge, Tenn., Bridgeport, Conn., and many another medium-sized place.

The people in music ascribe the big growth to many things: radio, recordings, the movies, more music education in school, and special encouragements such as concerts for school children.

It doesn't hurt, either, that programs nowadays seem designed more for ordinary folk and less for the experts.

Though here and there a critic bobs up to declare that this is just more evidence of America's "primitive" enthusiasms, all the signs suggest the interest is genuine enough.

Jot down a few of these figures and keep them around to spring on the next fellow who mutters deprecatingly about America's "bathtub" culture. They make a pretty fair answer.

TALLULAH'S CHIMES TOLL FOR CRITICS

No one can say that actress Tallulah Bankhead is not alert to her opportunities—wherever they present themselves.

At the trial of her former maid on a charge of altering checks, Tallulah, who talks as if she had swallowed a blow torch, has managed to enliven the proceedings on several occasions.

For a while there were ill-concealed guffaws and hoarse asides like "what a ham" in comment on the defense attorney's performance. The judge tossed her out.

But she had to come back to testify. As she brushed past reporters to enter the courtroom, she boomed majestically in her best network tones: "I have no fear—this may be my finest hour."

It may well have been. And it would have been no surprise if at the end of it she had said: "Pardon, me, Judge, but it's time for me to ring my chimes."

Efforts toward preparedness are brought directly into the bosoms of many Warren county families today as notices for pre-induction physical examinations are received by over fifty young men between the ages of twenty and twenty-one. The oldest boy in the group was born in 1929.

Out of the Same Jug

Here And There

This 'n' That: Speaking of greetings we received in the mail Tuesday, a large envelope dated North Hollywood, Calif., at four p. m., December 21 containing one of Bob Hope's Christmas cards with a "Merry Christmas and a Happy New Year from Bob Hope and Family," printed in a box hung over a fireplace showing seven stockings, five containing gifts for individuals and the last two having bones stick out of them "for the dogs." . . . The annual meeting and election of Zem Zem temple officers as well as election of directors of the Zem Zem Hospital for Crippled Children will be held in conjunction with a ceremonial Wednesday, January 9 in the Columbia theater in that city. . . . An interesting visitor to the office Monday was William D. Wright, en route from Washing-

ton, D. C., where he is employed in the Department of State, to Erie, where he planned to spend Christmas, who dropped in to inquire about road conditions. . . . According to the Titusville Herald, employees of the Ruel H. Smith Enterprises held their second annual Christmas party Saturday in the Legion Home at Titusville where they enjoyed dancing to the music of Hal Hague's orchestra and partook generously of food prepared by Mrs. William Collage, and Ruel spoke on the golden rule and gave an alphabet talk to illustrate his theory of the relationship between capital and labor in this country. . . . Masons and Episcopalians in Warren will be interested in the news that Colonel E. V. D. Selden, of 408 West Second street, last weekend marked his 93rd birthday anniversary, re-

calling that Col. Selden became a member of the Oil Exchange in Oil City in 1878 and in 1897 entered into a partnership with Major J. A. Fawcett under the firm name of Crystal Oil Co., which was not dissolved until 1933. . . .

Visas for Last of DP's Will Be Issued by Year's End

BY PETER EDSON
NEA Washington Correspondent

WASHINGTON—(NEA)—Visas to admit to the United States the last of 336,000 European displaced persons will have been issued before Dec. 31, which is the deadline under existing law. By the end of the year, some 300,000 will actually be in the United States. It will take till February or March to move the last 36,000 to American shores.

For nearly 55,000 people of German origin, expelled from their pre-war homelands, the deadline will be a little later. About 20,000 of these "expellees" are in the United States now. Visas for the remainder must be issued before June 30, 1952.

By September of next year, America's biggest and most successfully-managed immigration program will be washed up.

Within this same period, the International Refugee Organization, the United Nations agency for handling displaced persons emigrating to other countries, will also wind up its affairs.

BY no stretch of the imagination does this mean that the problem of displaced persons has been completely solved, says John W. Gibson, chairman of the U. S. Displaced Persons Commission.

It does mean that the European victims of World War II will have been fairly well disposed of.

Over a million World War II DP's have been resettled in other countries, a third of them in the United States. There will still remain in Western Europe an estimated 115,000 World War II DP's for whom new homes have not been found, or who are unacceptable as immigrants to other countries.

They will remain the problem of the countries in which they now have temporary residence—many in DP camps.

A new, 23-nation Provisional Inter-Governmental Committee for the Movement of Migrants from Europe has just been set up in Brussels, Belgium, as a successor to IRO.

Far bigger than the DP clean-up job, however, is the problem of the expellees. They are post-war refugees from Communism. There are an estimated 10 million of them in Western Germany and Austria alone.

THE number of expellees is constantly growing. Several thousand a month cross from East Germany into free West Germany. From the Russian satellite countries—from Poland and Czechoslovakia, to the Balkans, another 1000 to 1300 a month manage to escape. They add to the unemployment and relief problems in Germany, Austria, Italy and other western European countries. And what to do with them nobody knows.

A Congressional Judiciary sub-committee under Rep. Francis Walter of Pennsylvania is returning from Europe soon after making a study of the refugee and expellee problems.

It may recommend new legislation to Congress to help relieve European over-population.

Various religious and nationality groups in the United States have urged further admissions to this country. But as of Jan. 1, 1952, the only way to get in will be through regular immigration quotas.

The American DP program from June 1948 to June 1952 will have cost about \$12 million, or about \$35 for each person brought over. If the \$88 million U. S. contribution to International Refugee Organization is included, for maintaining DP camps and helping send refugees to other countries, the cost to the U. S. is \$300 per immigrant.

To get the 336,000 DP's finally admitted to the U. S., over 500,000 applicants were screened for security, health and other clearance by even U. S. government agencies.

RADIO-TV DAY BY DAY

BY C. E. BUTTERFIELD

Eastern Standard Time
New York, Dec. 27—(AP)—To add a touch of realism, the Robert Montgomery Theater on NBC-TV for New Year's eve will open from the maternity wing of a New York hospital. Purpose is to present a newly born citizen as a feature of the production in which Montgomery himself will star. Titled "class of '67," it will take the form of a review of 1961. Both live pickups and films will be used.
A kinescope film recording of the program is to be presented to the newly born child so that on its 16th birthday in 1967 it can see what happened the day and year it was born.

In television tonight, ABC-TV at 9:30 from a dinner in his honor at Philadelphia comes the address by Harold E. Stassen in which he is expected to report on his European trip and discuss his position in the 1952 presidential campaign.
Also coming up tonight: ABC 10:30 U.S.S.R., another in the series of four documentaries on Soviet life "The economy," NBC 10:30 Hollywood Serenade by Robert Armstrong's orchestra in a new series.

New Secretary For First Presbyterian

The board of trustees of First Presbyterian church has had word from Miss Hulda Angermann, Wilmington, Del., that she will return to Warren soon after the first of the year to take up her duties as secretary in the church office.

Miss Angermann will succeed Mrs. K. W. Davis, who leaves the post after six and one-half years and will take up new duties in the office of Frothingbury Ralph E. Sires of the court house.

A former member of First church, Miss Angermann left here about ten years ago after having served the local congregation as both director of religious education and office secretary. Her work in First church at Wilmington has been in the religious education field. She has had considerable experience in all phases of church leadership and the local board feels fortunate in again securing her services.

Joan M. Cameron Becomes Bride of Lt. Chann Ellberg

A simple candlelight ceremony performed at 5:00 p. m. Saturday, December 22, in North Warren Presbyterian church, united in marriage Joan Mildred, daughter of Mr. and Mrs. H. G. Cameron, 207 Oneida avenue, and Lt. (jg) Chann Ellberg, son of Albert Ellberg, Abieky.

The Rev. Robert C. Knapp performed the ceremony in a beautiful holiday setting, with Carol Barrett at the organ for traditional bridal airs and as accompanist for David Clark, Warren, who sang "The Lord's Prayer" and "Because".

The bride, given in marriage by her father, wore a gold colored, gabardine suit, matching accessories and Tailsman rose corsage. Her cousin and only attendant, Jane Lois Ward, North Warren, wore yellow roses with a suit of forest green color.

Mark Mickelson, Warren, served as best man and the usher was the bride's brother, Pfc. William Cameron, stationed at Brookley Air Force Base, Mobile, Ala.

A reception for the immediate

families and a few close friends followed in the bride's home, after which the couple left for a short wedding trip. Out of town guests for the wedding were the bridegroom's sister, and brother-in-law, Mr. and Mrs. Wayne Grant, Kinzua.

On Christmas afternoon, the newlyweds left for Providence, R. I., where they will reside while Lt. Ellberg is stationed at Quonset Point. Both young people are graduates of Warren High school, the bride having been employed for the past year by General Motors Corporation at Syracuse, N. Y.

Honoring her with a delightful shower party last Wednesday evening were her aunts, Mrs. Stuart Phillips and Mrs. Carl Engle, the affair, held in the latter's home, providing her with many nice gifts for her new home.

BENSON AND KISER MARRIAGE ANNOUNCED

Announcement is made today of the marriage of Madeline Kiser and Burnell Benson, both of Warren. In a ceremony performed at 5:00 p. m. Monday, December 24, in Crary Chapel of First Methodist church, Dr. Arthur Colley read the service and attendants were Mr. and Mrs. Patrick Freaney, also of this city.

The bride wore brown accessories and a corsage of pink roses with a dark green suit, and the matron of honor wore a green dress and yellow rose corsage. After a short wedding trip, the couple are residing in town.

You Can't Run Away From Household Woes

"THERE should be no dull, drab days in family living" says an expert on child training in the magazine, "Today's Health." Being only human and often an overworked human at that, it is too much to expect Mama to make each day in some way festive or a little out of the ordinary.

Yet most women could do more than they do to reduce the number of dull, drab days in their own homes.

The trouble is, too many women think that their only answer to dullness and drabness is to get away from home. "I couldn't stand the house another minute" a woman will say. Another will admit: "The kids were driving me crazy, so I decided to spend the afternoon in town."

There is nothing deplorable about a woman's wanting to escape from home now and then. But a woman is making a mistake if she thinks escape from home is the only answer to the boredom of family life.

ESCAPE DOESN'T SOLVE PROBLEM

BECAUSE her escape doesn't make life more fun for her husband or children. All her escape does is give her enough change so that she feels equal to the task of enduring the boredom a while longer.

The answer, of course, is for the woman of the house to figure out other ways than running away to overcome dull, drab days at home.

What she needs and the family needs is not just escape, but change of pace.

The family needs more varied recreation. It needs more spur-of-the-moment hospitality. It needs a project to work on, something that all will enjoy when it is accomplished.

Mama, herself, perhaps needs to take a more relaxed attitude toward the day's work. The woman who feels frustrated when things aren't just so and who does all her work mentally several times before she does it actually, is the one who so often feels she simply has to get away from home. Home to her is just a nagging boss.

org Announces His Retirement From Public Activities

St. Marys, Dec. 27.—(P)—Herbert Sarg, speaker of the State House of Representatives, announced his retirement from public office today and said he will not be a candidate for re-election in 1952.

The 40-year-old Elk county Republican gave pressure of personal business as his only reason for the action.

Sarg first was elected to the assembly from traditionally Democratic Elk county in 1940. He won re-election every two years since. He was named majority whip during the 1945 session, majority leader in 1947 and before the end of that year became acting speaker of the house to succeed Franklin D. Roosevelt, elected to congress from the Lehigh-Bucks congressional district.

Sarg was elected speaker for the 1948 session and this year conducted the house during the longest assembly session in state history. In private life Sarg is vice president of the Keystone Carbon Co., St. Marys. He is a native of this small western Pennsylvania community and holds a law degree from Duquesne University.

THE MARKETS

New York, Dec. 27.—(P)—The stock market held steady today after a hesitant start. Prices seldom were more than a small fraction away from the previous close either up or down, and many remained unchanged. The steadiness today was gratifying to the bullish element in the street, coming as it did on the heels of yesterday's final hour sell-off. Stocks going higher today included Santa Fe, United Gas Corp., Kennecott Copper, Dome Mines, Dow Chemical, U. S. Steel, Studebaker, J. I. Case and Radio Corp.

3,000 Teachers To Attend Convention

Harrisburg, Dec. 27.—(P)—Pennsylvania's public school teachers open their annual convention today with anxious eyes on bills before Gov. John S. Fine, which would give them a \$56,000,000 pay increase.

The pay boost measures, passed by the 1951 legislature, are expected to be signed into law by the governor today.

An estimated 3,000 teachers are on hand for the three-day convention. It is being conducted by the Pennsylvania State Education Association, claiming a membership of nearly all the state's 60,000 public school teachers.

The PSEA supported the teacher pay increase bills now before the governor. The bills would give each teacher a flat \$200 salary increase immediately, in addition to regular \$200 pay increases due this year. The bills also would revise pay scales upward at the rate of \$200 a year until new minimum pay levels are reached. The teacher convention this year features the theme, "education, the key to the future."

Balloting was also scheduled to get underway today on new officers for the organization for 1952. The results will be announced at the closing session Saturday.

Former W. H. S. Players Edge Jamestown, 73-72

LOCALS WIN THRILLER BY LONE POINT

Chuck Reese saved the day for the ex-Dragon cagers before a capacity crowd at the Second Annual College Basketball Night at the Jamestown YMCA last night by leading his team to a 73-72 victory over the Jamestown Alumni in a five-minute overtime period.

The Class of '50 product pumped one in from the foul line with only one second of play remaining to knot the score 64-64, and with less than a minute to play in the overtime period, again ripped the nets with a set shot to win the game.

Jamestown's Al Foster missed two charity shots at the 36-second mark of the extra period, failing on both attempts. From there the Warren Alumni froze the ball.

Gannon College's freshman star, George "Ace" Hesch, stole scoring laurels for the night's tilt setting a blistering trail of 23 points. The speedy forward was a real threat to the New Yorkers with his deadly set and drive in shots, as well as ability to take possession from the slower home team.

Top man for the ex-Red Raiders was Gordy Anderson with 20. Last year the Jamestown forward was leading scorer for Bethany College.

In the opening stanza the Jamestown crew, which held a definite height advantage, pulled to a 20-11 lead, but Chuck Reese turned hot the second canto with 10 counters accounted for by set shots from near mid-court. By the end of the eight minutes the local team outplayed the Juntowners to a 34-33 advantage.

Hesch paced the third period with 11 points to lead a 20-15 rally in the third period and the Warrenites were in front by an even half dozen.

With three minutes to go in the final stanza Anderson slipped in a shot from the pivot to tie it up 60-60. Jack Davison popped a two-pointer from the side and a free throw put Jamestown ahead 63-60 at the two-minute mark, before Reese evened it up in the closing second.

Foul shots by Davison and a side shot by Anderson placed the up-staters in an advantage point at the start of the overtime, but Hesch contributed a set shot to cut the margin to one point. Then Reese dribbled down the hardwood and banked one in for the winning bucket.

Concord and Sandy Lake Games Faced By Grover Players

Sugar Grove-Farmington cagers will have two chances to break a seven-game losing streak today, and tomorrow when they make road trips to Concord Township High and Sandy Lake.

Coach Fred Bauer and the Grovers feel it's their turn now and hope to break the "bad luck" jinx before the new year rolls in. The county team has put up some fine scraps in their first games, but never had the fortune of tasting a victory as yet.

This year's Sugar Grove 10-man varsity squad is made up of four seniors, three juniors, two sophomores, and one freshman. Chuck Smith is the senior standout on Fred Bauer's squad, heading the scoring list in most of the team's games.

Americans' Debacle Gives Australians Tennis Match Lead

Sydney, Australia, Dec. 27—(P)—Australia, virtually wrapped up the Davis cup today when its great doubles team of Frank Sedgman and Ken McGregor slaughtered America's best pair of Ted Schroeder and Tony Trabert, 6-2, 9-7, 6-3.

The American debacle was a sad disappointment to the capacity crowd of 15,300 at White City Stadium. They had anticipated a hard fought tennis match.

The Australians lead, 2 to 1, in the best-of-five matches. The final two singles matches will be played tomorrow.

Schroeder, possibly weary from his fine stand against Sedgman yesterday, failed his youthful partner completely. Towards the last of the one-sided tilt Schroeder was a pathetic figure.

He scored only three placements in the entire match to 17 by Trabert, 24 by Sedgman and 19 by McGregor. The way he played today, he will be extremely lucky to defeat Morvyn Rose in tomorrow's opening match.

Australia could well retain the cup by a 4-1 margin as Sedgman now is at the absolute peak of his career and will be heavily favored to trim Vic Seixas of Philadelphia, in the final singles match.

While disappointed in the failure of his pair to make a better showing, Frank Shields, captain of the U. S. team, refused to find fault with either.

Aspiring Announcer Makes Good in Ring

New York, Dec. 27—(P)—Roger Donoghue, who wants to be a radio and television sports announcer, is making good in the radio-TV field—but as a boxer instead.

Making his debut as a main-eventer on a national network radio-TV bout at St. Nicholas arena last night, Lanky Roger floored Vinnie D'Andrea of New York three times to win a two-round technical knockout.

The six foot, one inch Yonkers, N. Y., welterweight shook off a staggering blow in the first round and then dropped his New York rival twice for eight-counts in the same round.

In the second, Donoghue decked D'Andrea for nine with another smashing left hook just before the bell.

Dr. Vincent Nardiello ordered the bout halted. It was listed as a two-round kayo.

Robinson, Matthews Share Ring's Honors

New York, Dec. 27—(P)—Middleweight champion Ray Robinson and light heavyweight contender Harry (Kid) Matthews share the honors in Ring Magazine's awards for the year.

Editor Nat Fleischer named Robinson "fighter of the year," and selected Matthews as the best all-around fighter of the year. The awards and Ring's annual ratings were announced in a copyrighted article in the February issue of the boxing monthly.

It was the second time in three years that Sugar Ray has been chosen for fighter of the year laurels. Fleischer awards it to the boxer who combines boxing proficiency with sportsmanship and contributes to the uplift of the sport.

DRAGON SQUAD FACES ALUMNI IN ANNUAL FRACAS, FRIDAY

Warren High Dragon basketballers will close out the 1957 season of their campaign tomorrow night when they take on a 11-man Alumni squad.

The main attraction will get started at 8:30 with the prelim slated for 7:15.

With a slim 2-4 record in their first six games of the season the Dragons will attempt to even the count a little closer with a victory over their old schoolmates.

Making up the Alumni team will be Paul Gordon, Bob Hampson, John Eerardi, Jim Sigworth, Jim Stevenson, Jack Cropp, Bob Foley, Dick Rutledge, Regis Gentner, and manager Don Hedges.

In the 1950-51 campaign this team tallied 10 victories against 11 defeats.

As of this morning Coach Joe Massa was still undecided on his starting five, but should know pretty well after today's practice session.

From Fort Arthur, Texas, comes an interesting and welcome letter from an old friend, "Haddy" Beshlin, who says he is already looking forward to a visit back home, probably in June. Harold's fine prize-winning dog, "Kris Kringle," born on New Year's Eve 10 years ago, died last Saturday, and Harold encloses a newspaper picture of himself and his Boston terrier.

We have received an announcement of the opening of the only free baseball try-out camp in the country which allows a player to attend as long as he wishes whether it be one week or longer. The camp, which is located at Willis-ton, Fla., will remain open until April. Dan O'Connell of the Pirates, Sid Schacht and Jack Daniels of the Braves, Joe Montalvo of the Indians, and Dan Gaddella, formerly of the Giants, attended this camp.

No more of this fancy one-handed shooting for Oklahoma basketball players. When Sooner cagers missed 23 foul shots, the poorest in 44 years, in a game against Baylor, Bruce Drake said it was time to return to old-fashioned methods. Oklahoma players now shoot their foul shots with two hands. "Until this season," the coach said, "we had been noted for our sound free throwing, ranked third in the country last season. In 1947, we made 70 per cent of our attempts, hit 17 in a row against Kansas State. And the kids did it using two hands. With so many freshmen and sophomores playing this winter, I decided to let them continue using the one-handed shot, which they picked up in high school. But after watching the results, I made 'em start doing it my way."

Bowl Games, Too Many of 'Em Wait New Year Patronage By Thousands of Panting Patrons

By HARRY GRAYSON
NEA Sports Editor

New York—(NEA)—Despite the growing opposition to Bowl carnivals, no fewer than 13 post-season pageants of note open their gates to panting patrons this trip.

"Bowl games are a part of American life," says John Barnhill, Arkansas' athletic director.

They'll hear all-conquering Tennessee and Maryland hit through out the bayous in a duel between what Brig.-Gen. Robert Reese Neyland calls the Volunteers' old-fashioned single wing and the Terrapins' T.

The Terp's vicious ground attack is built around Ed (Mighty Mo) Modelewski, and is complemented by the passing of Jack Scarbath.

But no coach builds a stout defense than Bob Neyland, and on the offense the old Army man has a lot to go with the climactic runner and passer, Hank Lauricella.

This one will be witnessed by 85,000, with the participant walking off with \$90,000 checks.

Illinois didn't explode all the way along the route, and is quite likely to do so against an un-sound Stanford varsity in the Tournament of Roses, which would make it six straight for the 10. This one plays to 100,000 with each league cutting up the many dollars.

Georgia Tech will match Baylor's Larry Isbell in the box with Darrell Crawford, but I'm casting a shaky vote for the Southwest Conference entrant before 65,000 in Miami, where the sides each get \$75,000.

Kentucky has Babe Parilli, but Texas Christian leans to the air lines, too, with Ding Dong Danny McKown, and in addition the Horned Frogs spread all over the place. So we go to Fort Worth, although with not too much confidence. The Cotton Bowl seats more than 75,000, and pays off best of all—\$125,000 to each school.

Miami hasn't the line that it possessed when it kicked away the 15-14 game with Clemson in the Orange Bowl last January 1. The joint accommodates 35,500.

Tuss McLaughry's East has Princeton's Dick Kazmaier and considerable to go with him, but the West trots out Hugh McElhenry, Johnny Bright, Don Klosterman, Ollie Matson, southwest boys with whom Jess Neely is well acquainted and remarkable talent backing them up. There'll be 65,000 in the stands, and it's too bad there are not 100,000 more pews.

Mobile's Senior Bowl North-South tussle ends the procession, January 5.

There the boys get paid on the barrel head, and make no bones about it.
